# Capacity building principles

- **Sustainable process**, comprising specific activities by and for different actors
- Specific activities with a **clear purpose** and be result focused, while supporting the shared objective of an open, secure, stable, accessible and peaceful ICT environment.
- CCB activities should be **evidence-based, politically neutral, transparent, accountable**
- CCB shall be undertaken with full respect of State sovereignty.
- Be tailored to **specific needs** and contexts
- CCB should be based on **mutual trust**

# Challenges

- **Duplication of efforts**
- Waste of energies and resources
- Targeting the right beneficiary country
- Shortage of experts
- Make the process **sustainable**
