

# Country Report Exercise (TTX)

FEB 14-15 2023

In 2022 the United Nations has merged all policy and auxiliary operations concerning the establishment and support for Digital Economy operations into a new global agency called Digital Finance Development (DIGIFIND).

DIGIFIND has focused its attention on collecting data from countries to support its work programme in 2023. To this extent they have contracted you to present a national country report on the state of your country's legislative framework.

# Tasks

1

Select a Public Relations Officer for your group

2

Select a country that has representation in your group

3

Prepare a country report

- Current status
- Gaps & challenges
- Recommendations on the best way ahead

4

The P.R.O will present to the DIGIFIND dire.
