**GSMA™**

# Our conference areas

## Summits

Discover how connectivity is powering progress across industries in a focused series of sessions featuring expert voices on topics like AI, smart cities, 5G, IoT, security and eSIM.

## Connected Industries

From AI-powered aviation to IoT-driven manufacturing and smart city innovation, hear how Industry 4.0 is transforming the world today — and where it's headed next.

## GSMA Knowledge Zone

Join seminars led by the GSMA and GSMA Intelligence, where top analysts and industry experts dive deep into the topics that matter most to the future of connectivity, offering sharp insights in an intimate, knowledge-rich setting.

## GSMA Forum Zone

Your chance to be part of high-level discussions among industry leaders in a more private and collaborative environment.

## Partner Programmes

Go behind closed doors with industry giants like Meta, Huawei and FC Barcelona. This is a golden opportunity to engage with huge brands and their latest innovations.

## Networking events

Throughout the duration of MWC, join both generalised and/or topic-specific networking events, designed to help you forge new connections and engage directly with C-suite leaders.

Hosted at **MWC Barcelona**, 2–4 March 2026

The GSMA Ministerial Programme returns to MWC Barcelona from 2–4 March 2026, marking two decades as the leading global platform for digital policy dialogue. Since its inception, the Programme has convened ministers, regulators, and industry leaders to shape the future of connectivity through open dialogue and collaborative action. The MWC Ministerial Programme is an invitation-only event, targeted at senior government and industry leaders.

Invitations go out to the Head of the Telecom Regulators (AKA Head of Delegation) per country. However, if you did not receive an invitation and would like to attend this event, please reach out to:  
[ministerialprogramme@gsma.com](mailto:ministerialprogramme@gsma.com)

For other questions about GSMA/GSMA Events, please reach out to:
