Teams are encouraged to consider legal, economic, technological, ethical and public policy perspectives while assessing whether market-driven mechanisms such as cyber insurance create stronger incentives for secure AI systems than traditional regulatory approaches.</i></p> | <p>Facilitators/Judges:</p> <ul style="list-style-type: none"><li><b>Ms. Gabrielle Johnson</b>, Vice Chair, Caribbean ICT Youth Network (CIYN), CTU</li><li><b>Mr. Andrew Sieupersad</b>, Director, TAIROne Initiative</li><li><b>Mr. Terren Finley</b>, President, ISG</li><li><b>Mr. Kevon Swift</b>, Past-Chair, ISOC Trinidad and Tobago</li></ul> <p><b>Debaters:</b></p> <p>Team A (FOR):</p> <ul style="list-style-type: none"><li><b>Mr. Bryan Balkissoon</b>, UWI-GUILD</li><li><b>Mr. Mikail Barrock</b>, UWI-GUILD</li><li><b>Ms. Samisha Maharaj</b>, UWI-GUILD</li><li><b>Mr. Zephion Lee- Harris</b>, UWI-GUILD</li></ul> <p>Team B (AGAINST):</p> <ul style="list-style-type: none"><li><b>Ms. Shania Sobers</b>, Debate Club Member, UWI-ROYTEC</li><li><b>Mr. Ezekiel Renne Cambridge</b>, ISACA Student Member, UWI-ROYTEC</li><li><b>Mr. Judah-Abeni Beaumont</b>, Debate Club Captain, UWI-ROYTEC</li><li><b>Mr. Zacharias Dyer</b>, Vice President, ISACA Student Group, UWI-ROYTEC</li></ul> |

|             | About Panel: <i>A strategic convening on how intergovernmental organizations and multilateral partners can unlock AI for Small Island Developing States by coordinating financing, shared data and computing infrastructure, capacity building, and governance. The panel will define practical partnership models to turn scale constraints into regional advantages and policy recommendations to catalyze resilient, inclusive AI-driven development.</i>                                                   | Panelists: <ul style="list-style-type: none"> <li>• <b>Mr. Ahmed Elraghy</b>, Head RME Division ITU</li> <li>• <b>Mr. Ugo Blanco</b>, Resident Representative, UNDP, Trinidad and Tobago, Curacao, Aruba and Sint Maarten, Digital Facility Lead – AI &amp; Emerging Technologies, UNDP</li> <li>• <b>Mr. Demetris Herakleous</b>, Associate Economic Affairs Officer, UN ECLAC</li> </ul>                                                                                                                                                                                                                                                                                                                                                        |
| 12:00-13:00 | Lunch                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| 13:00-13:50 | <b>AI Literacy, Youth &amp; the Future Workforce</b><br>About Panel: <i>In this session panelists will discuss the AI literacy small states need to meet their unique regional challenges and how youth and the wider community should prepare for the future of work. The session will explore practical steps for building local skills, expanding access, aligning education with employers, and fostering community-wide strategies that make AI an engine for inclusive jobs and resilient economies.</i> | Moderator: <b>Mr. Tariq Mohammed</b> , Advisor to the SG and Chair, CIYN, CTU<br><br>Panelists: <ul style="list-style-type: none"> <li>• <b>Prof. Sean Thorpe</b>, Dean, Faculty of Engineering &amp; Computing, UoT, Jamaica <b>(Remote)</b></li> <li>• <b>Ms. Lois St. Brice</b>, Senior Programme Officer – Strategic Partnerships and Initiatives Office of global affairs   Office of the Vice-Chancellor, The UWI</li> <li>• <b>Dr. Andrea Kanneh</b>, Manager of Performance and Engagement, MPAAI</li> </ul>                                                                                                                                                                                                                              |
| 13:50-15:50 | <b>AI for Climate Resilience &amp; Disaster Risk Reduction</b><br>About Panel: <i>This session will examine how AI can mitigate the annual disaster risks facing Caribbean states, improving early warning, damage assessment, infrastructure planning, and recovery, and clarify the responsibilities and partnerships needed across institutions to make the region more resilient.</i>                                                                                                                      | Moderator: <b>Mr. Shernon Osepa</b> , Consultant Strategic Advisor CTU / Coordinator CAITF<br><br><b>Panelists:</b> <ul style="list-style-type: none"> <li>• <b>Kenneth Kerr</b>, Science and Technology Officer, Caribbean Meteorological Organization (CMO)</li> <li>• <b>Dr. Letetia Addison</b>, Deputy Chair, Advisory Board, UWI Disaster Risk Reduction Centre, UWI &amp; Researcher, TTLAB</li> <li>• <b>Prof. Derrick Cogburn</b>, Professor of Information Technology &amp; Analytics (Kogod School of Business), and Environment, Development &amp; Health (School of International Service) and Executive Director, Institute on Disability and Public Policy, American University</li> <li>• <b>Representative</b>, CDEMA</li> </ul> |
